Now the interviewer will ask you three questions. These questions are for practice and will not be scored, but it is important that you answer them.

What is your examinee identification number? (10 seconds)

What is the weather like today? (10 seconds)

What are your plans for the rest of the day? (10 seconds)

Now the test will begin. Be sure to speak clearly and say as much as you can in responding to each question.
Imagine that you and I are friends. You have a job as director of the community center in our town and I am coming to visit you there. The floor plan of the center is shown below. You will have 30 seconds to study the floor plan. Then I'll ask you some questions about it.

COMMUNITY CENTER FLOOR PLAN

CHILD CARE CENTER
Office
Meeting Room A
Meeting Room B
Game Room
Music Room
Exercise Room
Changing Rooms
Swimming Pool
Nurse's Office
Supply Room
Rest Rooms
Kitchen
Arts & Crafts Center
Library
Lobby
FRONT ENTRANCE
1. You have asked me to meet you in the child care center when I come to visit you. Please give me directions from the front entrance to the child care center. (30 seconds)

2. The community center can afford to hire only a small number of full-time employees. The rest of the workers volunteer their time. Imagine that you need to find volunteers to help on the weekends. Try to persuade me to help at the center. (45 seconds)

3. The Board of Directors of the community center wants to make improvements to the building. Both the pool area and the library need upgrading, but the budget is limited. Make a recommendation to the Board about which of these two areas you think should be improved. (60 seconds)
Now please look at the six pictures below. I'd like you to tell me the story that the pictures show, starting with picture number 1 and going through picture number 6. Please take one minute to look at the pictures and think about the story. Do not begin the story until I tell you to do so.
4. Now tell me the story that the pictures show. (60 seconds)

5. Imagine that a new sports stadium is going to be built in your town. What effect do you think the new stadium will have on the businesses and people in the area? (45 seconds)

6. Some people enjoy playing team sports such as football and basketball. Other people prefer to play individual sports such as tennis and golf. Compare playing these two types of sports. (60 seconds)

7. Imagine that you are at a sporting event. You purchased a ticket for a seat close to the playing field, but when you arrived at the stadium you were told that there had been a mistake and your seat is in the last row. Complain to the ticket clerk. (45 seconds)
Now I'd like to hear your ideas about several topics. Be sure to say as much as you can in responding to each question. After I ask each question, you may take a few seconds to prepare your answer, and then begin speaking when you're ready.

8. Some people say that the individual cultures of the world are becoming more similar and that eventually there will be only one global culture. Do you agree with this statement? Why or why not? (60 seconds)

9. What is one of the most important issues facing people working in your field of study? (60 seconds)

10. The graph below represents the results of a questionnaire that asked people of different ages where they prefer to get travel information. Tell me about the information in the graph. (45 seconds)

11. I will be visiting your home country for one week. In your opinion, is it better for me to rent a car or travel by bus or train? Give reasons for your opinion. (45 seconds)
12. Now imagine that you are the membership director of the Minnesota Nature Club. Some members of the club are reviewing the events scheduled for a workshop being given for new members. At the last meeting, you gave out some information about the workshop, but there have been some changes. You must remind the members about the details of the workshop and tell them about the changes indicated on the schedule. In your presentation do not just read the information printed, but present it as if you were talking to a group of people. You will now have one minute to plan your presentation. Do not start speaking until I tell you to do so.

---

Minnesota Nature Club
New Members' Workshop

Date: Saturday, June 12
Place: Northland Recreation Center

9:00 Registration and refreshments

10:00 Presentation: “Nature on Film”
