

How to Make Polymer 5

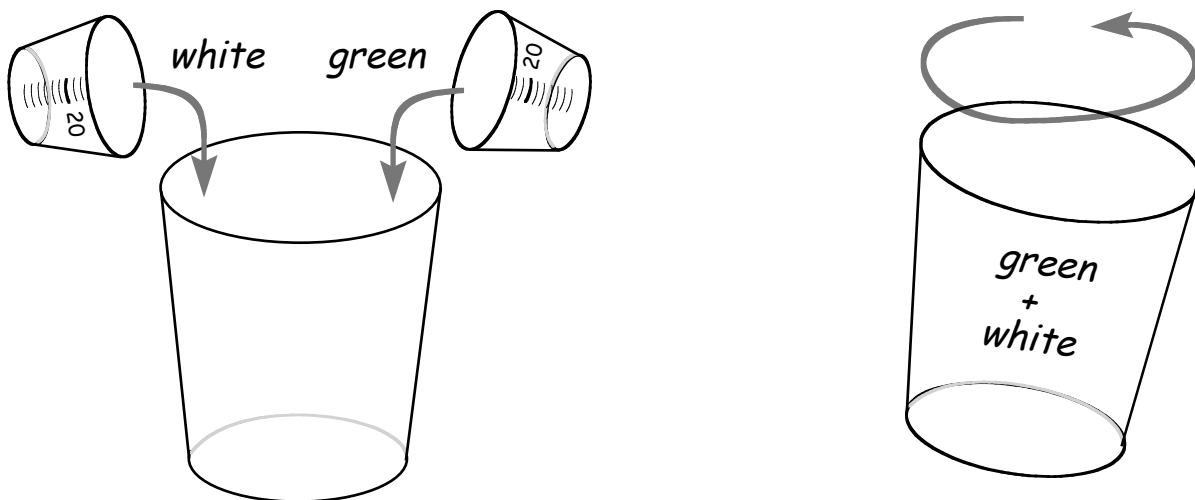

1. Carefully measure 20 mL of white chemical **A5** into a measuring cup

2. Carefully measure 20 mL of the green colored chemical **B5** into a second measuring cup

3. Add the white **A5** and green **B5** chemicals to a plastic cup, and swirl the cup in your hand for a few minutes

4. After stirring, roll and stretch it in your hands :)
