A 4-year old Tempe girl disappeared while being baby-sat and was later reported missing, police said.

Angela Melissa Norton was discovered missing by her parents at 10:30 pm Tuesday night at the 1000 block of E. Sunburst Lane after they returned home said police sergeant Timothy McClung.

Angela has curly light brown hair and was last scene wearing pajamas with pictures of Mickey Mouse on them.

The baby-sitter who was left in charge of Angela was Nancy Bonner, a sophomore from Marcos de Niza High School. The parents found her asleep on the couch and Angela missing, McClung said.

There has been no forced entry reported, but the police are not ruling out foul play, McClung said.

For right now, however, the police are focusing on finding the child.

Anyone who might have information is being asked to call 480-555-3546.

"We don't need your name, but we sure do need your help," McClung said.
