

CURRICULUM VITAE

A. Personal Information:

Name **David Peter MacKinnon, Ph.D.**

Business Address Department of Psychology
Arizona State University
Box 871104
Tempe, Arizona 85287-1104

Business Phone (480) 727-6120 - (480) 727-6176 FAX

Electronic Mail David.MacKinnon@asu.edu

B. Education

High School Dedham High School, Dedham, Massachusetts, 1975

University Harvard University, B.A., 1979, Psychology and Social Relations

Graduate University of California, Los Angeles, M.A., 1982,
Ph.D., 1986, Measurement and Psychometrics
Dissertation: Measurement of Human Memory Storage Using Statistical
Models of Multiple Recall Performance

C. Professional Background

Professor (2000 - Present)
Associate Professor (1994 - 2000)
Assistant Professor (1990 - 1994)

Department of Psychology
Arizona State University
Tempe, Arizona 85287-1104

Assistant Professor of Research (1986 -1990)
Department of Preventive Medicine
Institute for Health Promotion and Disease Prevention
School of Medicine
University of Southern California
35 North Lake Avenue, Suite 200
Pasadena, California 91101-1856

Research Assistantships
Department of Psychology, University of California, Los Angeles, 1980-1986
Department of Engineering and Applied Sciences, University of California, Los Angeles,
1981, 1985
Department of Neuroscience, University of California, Los Angeles, 1984-1985

Teaching Assistantships
Department of Psychology, University of California, Los Angeles, 1985

Statistician
Brentwood Veterans Administration Hospital, Brentwood, California, 1981

Professional ice hockey player/coach

Futbol Club Barcelona, Barcelona, Spain, 1979-80

Child Development Counselor

May Institute for Autistic Children, Chatham, Massachusetts, 1979

Cabin Counselor

Wediko (Camp for disturbed children) Hillsboro, New Hampshire, 1978

D. Society Memberships:

Local

Western Psychological Association

Arizona Human Factors Society

National

American Association for the Advancement of Science

American Psychological Association

American Public Health Association

American Statistical Association

Human Factors & Ergonomics Society

Psychometric Society

Sigma XI

Research Society on Alcoholism

Society for Prevention Research

Western Psychological Association

E. Grants Funded

1. (Principal Investigator) Effects of alcohol labeling legislation on adolescents. National Institute on Alcoholism and Alcohol Abuse. (\$986,908 Direct Costs. Funded March 1, 1990).
2. (Principal Investigator of subcontract) Parenting skills, alcohol and drug abuse prevention-Satellite. National Institute on Alcoholism and Alcohol Abuse (September, 1989 - August 1990).
3. (Principal Investigator) Measurement of mediation in prevention studies. National Institute on Drug Abuse. (\$49,019 Direct Costs. Funded September 1, 1990).
4. (Co-Principal Investigator) Comprehensive community drug abuse prevention through adolescence and early adulthood. National Institute on Drug Abuse. (\$4,036,912 Direct Costs. Funded December, 1, 1990).
5. (Training Faculty) Research training in child mental health/primary prevention. National Institute of Mental Health (\$110,291 Direct Costs. Funded August 1, 1990).
6. (Principal Investigator) City-level alcohol related problems and availability database. National Institute on Alcohol Abuse and Alcoholism (\$49,916 Direct Costs. Funded June 1, 1991).
7. (Co-Principal Investigator) School-Based Steroid Prevention Project. National Institute on Drug Abuse. Oregon Health and Science University. P.I. Linn Goldberg, M.D. (\$90,109 Direct Costs. Funded July 1, 1993).

8. (Principal Investigator) Estimating Mediation Effects in Prevention Studies. National Institute on Drug Abuse. (\$503,495 Direct Costs. Funded July 1, 1996).
9. (Principal Investigator) Effects of Alcohol Labeling Legislation on Adolescents. National Institute on Alcoholism and Alcohol Abuse. Competing Continuation grant. (\$280,000 Direct Costs. Funded October 1996).
10. (Co-Principal Investigator) Student Athlete Drug Surveillance Trial. National Institute on Drug Abuse. Oregon Health and Science University. P.I. Linn Goldberg, M.D. (\$417,231 Direct Costs. Funded August 5, 1999).
11. (Principal Investigator) Analysis of Team-Based Substance Abuse Prevention. Competing continuation proposal. National Institute on Drug Abuse, (\$500,000 Direct Costs. Funded August 20, 2000).
12. (Co-Investigator) Stress and Adaptation to Rheumatoid Arthritis. Proposal for NIH. P. I. Alex J. Zautra at Arizona State University. (\$308,677 Direct Costs. Funded June 5, 2000).
13. (Training Faculty) Center for the Prevention of Child and Family Stress (Renewal). National Institute for Mental Health. (\$5,307,437 Direct Costs. Funded February 1, 2000).
14. (Principal Investigator) Secondary Analysis of School-Based Prevention of Adolescent Driving Under the Influence (New). National Institute on Alcohol Abuse and Alcoholism. (\$300,000 Direct Costs. Funded March 1, 2002).
15. (Principal Investigator) Estimating Mediation Effects in Prevention Studies (Competing Continuation). National Institute on Drug Abuse. (\$600,000 Direct Costs. Funded on August 5, 2003).
16. (Co-Principal Investigator) School-Based Drug Use Prevention for Girl Athletes. National Institute on Drug Abuse. Oregon Health and Science University. P.I. Diane Elliot, M.D. (\$56,969 Direct Costs. Funded August 28, 2003).
17. (Co-Principal Investigator) CHD Lifestyle Modification for Latinas with Diabetes. National Institute on Drug Abuse. Oregon Research Institute. P.I. Deborah Toobert, Ph.D. (\$37,376 Direct Costs. Funded on January 1, 2006).
18. (Co-Principal Investigator) Promoting Healthy Living: Assessing More Effects (PHLAME). National Institute of Health. Oregon Health and Science University. P.I. Diane Elliot, M.D. (\$182,885 Direct Costs. Funded on January 1, 2006).

Proposals Under Review

1. (Co-Investigator) OPHICER (Officers' Program for Health Improvement by Changing Elevated Risks). National Institute on Drug Abuse. Oregon Health and Science University

F. Research Activities:

Complete Bibliography Appended

G. Teaching Experience

1. Graduate, Department of Preventive Medicine, Methodology segment in "Foundations of Health Behavior Research".
2. Graduate, Department of Psychology, "Quantitative Seminar"
3. Graduate, Department of Psychology, "Prevention Statistics".
4. Graduate, Department of Psychology, "Statistical Methods in Prevention Research".
5. Graduate, Department of Psychology, "Advanced Experimental Design and Analysis".
6. Undergraduate, Department of Psychology, "Introduction to Statistics".
7. Undergraduate, Department of Psychology, "Second Course in Statistical Methods".

Dissertation Committees

Carlos Alatorre (Business), A comparison of some goodness-of-fit tests for large sparse multinomial distributions (August 1996)
Sheri Lewis Bate (Title Pending) (Current)
Renee Bator, Effective Public Service Announcements: Linking social norms to visual memory cues (July 1997)
Janice Blair-MacNeil, Evaluation of cognitive processes influencing sexual risk taking in college students (August 1997)
Angela Bryan, Psychosocial and contextual determinants of condom use among incarcerated adolescents (January 1997)
Lori Burruel-Homa, Contingency, performance factors, and the illusion of control (May 1997)
Carolyn Cavanaugh, Food intake variables associated with childhood obesity: The role of intake timing (August 1996)
JeeWon Cheong, Mediating mechanisms to reduce adolescent DUI in a drug prevention program: Mediation analysis using latent growth curve modeling (August 2002)
Patrick Curran, The robustness of confirmatory factor analysis to model mis-specification and violations of normality (May 1994)
Christian DeLucia, Individual differences in growth in drug use (December 2003)
Stephanie DeLusé, Mandatory divorce education: A program evaluation using a "Quasi-random" regression discontinuity design (May 1999)
Andrea Fenaughty, Alcohol, sexual arousal, and risky sexual decisions (August 1993)
John Finch, (Co-Chair) Structural Equation Models with non-normal variables: problems and remedies (August 1992)
Jennifer Fisher, (Co-Chair) Gender issues with condom use self-efficacy beliefs (August 1995)
Lee C. Hancock, A goal setting intervention to increase physical activity in elementary school children (August 2005)
Kathleen Nelson Hipke, The mediating role of social support between psychological factors and father's parenting qualities (May 2002)
Jeanne Hoffman, (Chair), Methods to compare correlations: A simulation study and application to an anabolic steroid prevention project (August 2000)
Kevin M. King, Makers and mechanisms of the relation between stressful life events and substance (Current)
Jennifer Krull, The effects of mis-specification resulting from analysis decisions in multilevel models (May 1998)

Oi-Man Kwok, The impact of misspecifying the within-subject covariance structure in multiwave longitudinal multi-level models: a Monte Carlo study (December 2004)

Brian Lewis, The effects of pain on social cognitive processing as mediated by attentional and physiological mechanisms (August 1996)

Chondra Lockwood (Chair), Gender differences in response to social aggression (Current)

Janelle Lutzke, Multiple mediation of the effects of interparental conflict on children's post-divorce symptomatology (August 1997)

Michael MacLean, (Chair) Differentiating between problem and non-problem drinking adolescents (December 1995)

Michael P. Marshal, The effects of parent divorce on adolescent substance use and young adult substance use disorders (December 2002)

Ray Merrill (Business), Treatment effect evaluation in nonadditive mediation models (May 1994)

Antonio A. Morgan-Lopez (Chair), A simulation study of the mediated baseline by treatment interaction effect in preventive intervention trials (December 2003)

Sean Mulvenon (Education), Analytic formulae for power analysis in repeated measures designs (August 1993)

Liva Nohre, (Chair) The effects of false alarms on driving behavior (August, 2001)

Melanie Page-Smith, (Co-Chair) Survival analysis in Psychology: Effects of censoring and proportionality (August 1998)

Steven Pitts, The use of latent growth models to estimate treatment effects in longitudinal experiments (August 1999)

David Prybock, Body dissatisfaction as a predictor of eating behaviors, exercise, and anabolic steroid use among males (August 1999)

Brad Sagarin, Avoiding threats to the vulnerable self: The motivations and mechanisms of resistance to persuasion (June 1999)

Sarah J. Schmiege, A theoretically-based intervention to increase calcium intake in young women (May 2005)

Bruce W. Smith, Vulnerability and resilience as predictors of pain, affect, and the pain-affect relationship in rheumatoid arthritis and osteoarthritis patients (May 2002)

Eric Stice, The differential prediction of adolescent substance use and problem use (May 1996)

Marcia P. Taborga(Chair) Toward a physical activity intervention model: synthesizing theoretical and applied research(December 2003)

Michael Todd, (Co-Chair) Stress and smoking: Effects of daily stress, nicotine dependence, and gender (May 2001)

Tinna Traustadottir, Does Fitness attenuate the effects of aging on the hypothalamic-pituitary-adrenal axis in women? (May 2003)

Elizabeth Twamley, Moderators of eating pathology (January 2000)

Lynn Virdin, A test of the robustness of estimators that model selection in the nonequivalent control group design (December 1993)

Ghulam Warsi (Business), Topics in mediation and confounding (May 1998)

Jennifer Weller, An affect-regulation model of alcohol consumption: Replication and extension of Cooper's model (December 1999)

Jason Williams (Chair) Resampling and distribution of products methods for testing indirect effects in complex models (December 2004)

Rhonda Williams-Avery, Cognitive mechanisms linking disclosure, inhibition and self-reported health (May 1999)

Masters Committees

Angela Bryan, Increasing condom use in sexually active college students: An intervention with women (December 1994)

Derek Burkeman, A study of the influence of maternal demoralization on child mental health (August 1992)

Jonathan Cohen, Does empathy moderate the relation between interparental conflict and child symptomatology? (May 1999)

Spring R. Dawson, The relations of positive and negative appraisal biases to competence and pathology in children of divorce (April 2000)

Christian Delucia, Fluctuations over time in paternal alcohol impairment and child symptomatology (December 1998)

Elizabeth DiPaola Handley, Stress-induced drinking in mothers of adolescents with externalizing symptomatology (Current)

Matthew Fritz (Chair), Required sample size to detect the mediated effect (May 2005)

Rachel Haine, Individual and social-environmental predictors of parentally bereaved children's hiding of negative emotions (May 1999)

Jeanne Hoffman, Interpersonal stress, mood, immune function, and disease activity in rheumatoid arthritis patients (December 1995)

Lauren Kim, Coping and negative appraisal as mediators between locus of control and psychological symptoms (December 1995)

Angela Lapin, Women's decision making about hormone replacement therapy (December 1997)

Freda F. Liu, TBA (Current)

Chondra Lockwood (Chair), The power to detect mediated effects: The effects of nonnormality (May 2000)

Antonio A. Morgan-Lopez, A mediated moderation model of cigarette use among Mexican-American youth: The multiplicative effects of environmental risk and cultural identification (August 2000)

Liva Nohre, Memory for traumatic events (May 1994)

Benah Parker, Including gender in the shifting multi-cultural lens or the self (December 2001)

Petia Petrova, Imagery-inviting appeals can enhance or undermine persuasion: The role of vividness of the message, ease of imagining, & emotions (December 2001)

Steve Pitts, The utility of extreme groups analysis to detect interactions in the presence of correlated predictor variables (April 1997)

Philip Potter, Stressful events' effects on rheumatoid arthritis disease activity: A case study (December 1995)

RaeJean Proescholdbell, The relation between adolescent smoking and home smoking policy (December 1998)

Ehri Ryu, Effects of small group sizes on the estimation of multilevel models: A Monte Carlo study (August 2004)

Gary Robinson (Business), Simulation study of multiple mediated effects (May 1996)

Marcia Torga, (Chair), Effect size in mediation models (May, 2000)

Aaron Taylor, A comparison of ordinary least squares regression to ordinal logistic and ordinal probit regression in the case of a coarsely categorized outcome variable (August 2004)

Elizabeth Twamley, Moderators of eating pathology (August 1997)

Amy Wilcox (Speech and Hearing), Phonological training in very young children (May 1999)

Rhonda Williams-Avery (Chair), Psychosocial predictors of protective gear use among in-line skaters: A comparison of three theoretical models (December 1995)

Myeongsun Yoon, Detecting violations of factorial invariance using data-based specification searches: A Monte Carlo study (December 2004)

Felicia Zani, Beyond femininity: Test of a mediational model linking gender role phenomena and eating disturbance (May 1999)

Undergraduate Honors Students

Jason Adams, The effects of repeated warnings (1995)

Brian Curtis, The intraclass correlation (R) versus Pearson's product moment correlation (r) in test-retest reliability (1998)

Roxane Forsythe, The effects of warnings on gambling behavior (1996)

Brooke C. Radford, Academic procrastination in the context of social temptation and different time periods (2002)

Comprehensive Exam Committees

Renee Bator, Angela Bryan, JeeWon Cheong (Chair), Caroline Davis, Christian DeLucia, Andrea Fenaughty, Jennifer Fisher, Jennifer Krull, Chondra Lockwood (Chair), Janice McNeil, Antonio Morgan-Lopez, Sean Mulvenon (Education), Petia Petrova, David Prybock, Jennifer Ritter, Khelton Rhodes, Marcia Torga (Chair), Aaron Taylor, Mike Todd (Chair), Elizabeth Twamley, Lynn Virdin, Jason Williams, Carla Zubiria

H. Consultantships and Professional Service

Consultantships

Development and Evaluation of Cognitive Interview Techniques for Use with Children (R.E. Geiselman, Principal Investigator). National Institute of Justice.

Cognitive Questioning of Child Witnesses in the Courts. (R.E. Geiselman, Principal Investigator). State Justice Institute.

Behavioral Sciences Consultant. (D. Cohen, Principal Investigator). Los Angeles County Public Health Programs.

Member of Executive Council. (Cynthia Emmetts, Director). Project TEAM, Teaching Effective Alcohol Management, Public Health Foundation.

Member of Arizona Substance Abuse Survey Advisory Group. (R. Holgerson, Director). Arizona Criminal Justice Commission.

Effective School Based Substance Abuse Prevention. (W.B. Hansen, Principal Investigator). National Institute on Drug Abuse.

Missing Value Imputation in Alcohol Prevention Database. (J. Graham, Principal Investigator). National Institute on Alcoholism and Alcohol Abuse.

Phoenix Community Partnership (L. Knight Principal Investigator) Center for Substance Abuse Prevention.

Tucson Full Court Press project (H. -R. Lee Principal Investigator) Robert Wood Johnson Foundation (Current).

Media Effects on Adolescent Alcohol Use (A. Stacy Principal Investigator) National Institute on Alcoholism and Alcohol Abuse (Current).

Tobacco Use in Rural Areas (J. Davis Principal Investigator) National Cancer Institute (Current).

Prevention Science and Methodology Group (C. Hendricks Brown, Principal Investigator) College of Public Health, University of South Florida (Current).

Professional Service

National Institute on Alcoholism and Alcohol Abuse reviews (August 1-3, 1990; March 25, 1994; June 7-10 1994; July 21-22, 1994, Center grant reviews, June 1995, May 1 - 2, 1997).

National Institute on Drug Abuse reviews (June 17, 1992, October 14, 1992; March 28, 1994; October 4, 1994, June 11, 1996).

Member of the National Institute on Drug Abuse, Epidemiology and Prevention Review Committee 1996

- present.

Expert Panel on Evaluating Federal Media Prevention Programming. National Institute on Alcohol Use and Alcoholism.

Expert Panel on Alcohol Availability and Alcohol Problems. (Birch and Davis, Inc.) Center for Substance Abuse Prevention.

Expert Panel on School-based Drug Prevention. (Birch and Davis, Inc.) Center for Substance Abuse Prevention.

Reviewer: *Academic Press, Addictions, Addictive Behaviors, American Journal of Community Psychology, American Journal of Public Health, British Journal of Mathematical and Statistical Psychology, Child Development, Developmental Psychology, Drug and Alcohol Dependence, Health Psychology, Journal of Abnormal Psychology, Journal of Exercise and Sport Psychology, Journal of Marketing Research, Journal of Personality, Journal of Studies on Alcohol, Media Psychology, Millbank Quarterly, Multivariate Behavioral Research, Prevention Science(Consulting Editor), Psychological Bulletin, Psychological Methods, Psychology and Marketing, Psychology of Addictive Behaviors (Consulting Editor), Psychonomic Bulletin & Review, Social Science & Medicine, Statistics in Medicine, Structural Equation Modeling.*

Organizer: Conference on Mediational Models in Prevention Research, March 23-24, 1998 at Arizona State University, Tempe, AZ.

Member: Research Awards Committee, College of Liberal Arts and Sciences, 2005-2006, Arizona State University.
