

How to Make Polymer 6

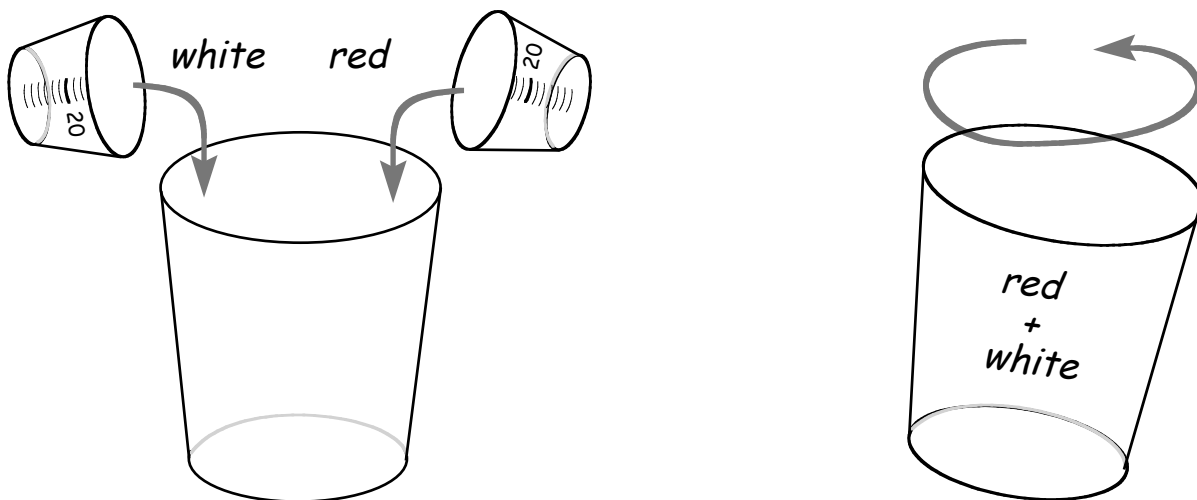

1. Carefully measure 20 mL of white chemical **A6** into a measuring cup

2. Carefully measure 20 mL of the red colored chemical **B6** into a second measuring cup

3. Add the white **A6** and red **B6** chemicals to a plastic cup, and swirl the cup in your hand for a few minutes

4. After stirring, roll and stretch it in your hands :)
