## Hawai'i Physical Geography: Geomorphology - Waterfalls and Feral Relief

This is really the second part of a lab that starts with the geomorphology of a shield volcano (like Mauna Loa on the left) that turns into the wild feral relief created by erosion of that volcanic surface (like Kauai on the right that has only a tiny bit of the original dome shape)

**Quiz Type** Graded Quiz

**Points** 11

**Assignment Group** Assignments

**Shuffle Answers** Yes

**Time Limit** No Time Limit

**Multiple Attempts** No

**View Responses** Always
